

Gentle Teaching Welcome Sheet

Instructions: Welcome to Globe Star! Today, we're going to talk about "Gentle Teaching," an non-violent approach for interacting with marginalized people. Today's teaching topics will be most successful if we're all willing to have open honest dialogue. There are no tests or quizzes in today's teaching, but we'll ask you to share your feelings in regard to certain questions and topics.

First, let's get to know each other. Please read, reflect, and answer the questions below. Use your answers as we each tell the group about ourselves.

What is your name?

Tell us a little about yourself (anything that you want...)

What are some of your hobbies?

What will your role be at Globe Star?

What are you hoping to learn at Globe Star?
